

### **Remarks**

The specification has been amended to incorporate U.S.P.T.O recommended headings and subheadings, and the text has in some instances been rearranged to facilitate the amendment. The original claims have been cancelled (without prejudice), and rewritten in U.S. format, also eliminating multiple dependent claims. An Abstract has been added. None of the amendments is believed to add any new matter.

Early favorable consideration is respectfully requested.

Respectfully submitted,

NORBERT AUNER
